Yes

.

Nothing any suggestions

Good teaching

Very good experience

No suggestions because everything is perfect

Very good and exalinct

Just improve on all the reviews we have given
And nothing else

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students

Best

Some basic facilities should be provided by college

खूप चांगले पध्दतीने मार्गदर्शन करतात
 कला शाखेत शिकणारा विद्यार्थी दररोज लेक्चर ला कपल्स री रहावे म्हणून उपाययोजना करणे
 MA च्या विद्यार्थीना कमीत कमी पेपर च्या आधी लेक्चर घेऊन पेपरचे व सिल्याबस कव्हर करून घेतले पाहिजे
 प्रोजेक्ट विषयी योग्य मार्गदर्शन केले पाहिजे.

Good excellent

no

Involve digitalization

१) आमच्या संस्थे मध्ये खुप चांगले शिकवले जाते
 २) विद्यार्थीना शिक्षकांकडून खुप जास्त प्रमाणे प्रतिसाद मिळत आहे
 ३) शिक्षक हे आयुष्यात चांगले वळण लागावे व प्रत्येक विद्यार्थी हा सुशिक्षित व्हावा या साठी चांगल्या प्रकारे मार्गदर्शन करतात
सर्व शिक्षकांचे खुप खुप आभार.....

Infrastructure

Regularity

Participation

Ok

No any suggestions because teaching is excellent in the institute. Thank you.

1. Teacher should explain concept more thoroughly.
2. Otherwise Overall institution is good in teaching .

Very good experience

Use technology in the classroom

Very very excellent

Engage students by using better graphics and visual media

Teaching with subject related examples

Always better

Not sure

Please focus on the each and every student for the account subject

No any one

1. Use better grafthics and visual media to engage students well.
2. Try to reach every student and ask for dear doubts.
3. Make teaching a two way interaction.

- 1.Hire skilled teachers
- 2.Do Use of tecnology in a teaching.
- 3.Give practical knowledge releted to the field.

Very nice

Nice

Very good teachers

All qualified teachers

- 1) Use visual media
- 2) Take two way interactive sessions
- 3) Encourage students to make study in Groups.

Understandable topics

Nothing all are good

New activities teach in English properly

All the teachers give their best while teaching

Strictly Attendance Follow up and Create opportunities

1. Implement interactive digital tools, such as smart board, educational software, and online resources, to enhance engagement and accessibility.
2. Encourage teachers to record lectures and provide online resources for students to review before class, freeing up class time for discussions and hands-on activities

Inspiring , diligent, incentive

Interactive and Engaging Teaching Methods, Personalized Learning, Use visual media

Here are three suggestions to improve the overall teaching-learning experience:

1. ****Integrate Technology and Interactive Learning****: Incorporating more digital tools, such as interactive simulations, online discussion platforms, and virtual classrooms, can enhance

student engagement and provide diverse learning methods. Using technology effectively allows students to learn at their own pace, access resources outside class hours, and collaborate more easily.

2. ****Personalized Learning Paths****: Recognizing that students have varying learning styles and paces, institutions could introduce more individualized learning plans. This could involve adaptive learning technologies, regular feedback, and offering choices in assessment methods, ensuring that each student's strengths are capitalized on while supporting their areas of improvement.

3. ****Foster a Collaborative Learning Environment****: Encouraging more group work, peer reviews, and interdisciplinary projects can help build critical thinking, communication, and problem-solving skills. A collaborative environment where students interact with each other, as well as faculty, can bridge the gap between theoretical knowledge and practical application, enhancing overall learning outcomes.

Not interest

This is the best institution for students for their career

Use visual media: Engage students by using visual media and graphics.

Very Understanding Teaching All Teachers

1 best staf

2good faculties

3' Good teachers

Check whether the students understand their teaching

1. Incorporate Active Learning and Vocational Skills:

Move beyond traditional lectures by integrating hands-on vocational training and active learning methods. Offering practical workshops or project-based learning sessions can provide students with real-world skills in areas like communication, teamwork, or problem-solving, which are essential for their careers. Collaboration with local industries or vocational centers can also ensure the curriculum is aligned with the needs of the job market.

2. Leverage Technology for Interactive and Technical Skills Development:

Use affordable digital tools and online platforms to teach technical skills relevant to the industry. Providing access to coding platforms, digital design software, or specialized tools for fields like engineering, IT, or business can enhance students' technical competencies. Incorporating online certifications or skill development programs (e.g., Coursera, Udemy) as part of the curriculum can help students gain certifications that boost their employability.

3. Focus on Practical, Skill-Based Learning with Vocational Training:

Emphasize the development of both soft skills (e.g., communication, leadership) and hard skills (e.g., technical, vocational) by incorporating internships, apprenticeships, and partnerships with local industries. Such initiatives can provide students with the opportunity to gain hands-on experience in their chosen fields, improving both their technical capabilities and their readiness for the workforce. Courses could be tailored to include vocational training in areas like digital marketing, software development, or mechanical skills, based on regional industry demands.

These steps will help bridge the gap between theoretical knowledge and practical, employable skills for students, enhancing their employability in a competitive job market.

Best teaching

.....

खुप छान

No need

Aggre

1. Make teaching a two way interactions by asking for doubts and reaching out to every student.
2. Use technology in the classroom
3. Establish goals and monitor progress..

Teaching is very good in our college.

Teaching lessons in different formats.

Using technology in the classroom.

No suggestions

चांगल्या प्रकारे सहकार्य करतात

Concentration

All teachers are give their best but conversation with all students are very important so I think improving the conversation with students is nessesary

Smart

Nothing they teach very well

- 1 Higher skill teacher
- 2 Do use new technology
- 3 Give practical Knowledge related to the field

They should understand what's students problem is what they want actually what kind of teaching they deserve every student is not good in study they should recognise them and help them to improve their ability

- 1- should try up some fun activities which will increase students management skills
- 2- also support students pursuing other courses

Mam is very good

1. Very good

The teaching experience is satisfactory

Make opportunity and campus selection for bcom students

Improving the teaching-learning experience requires addressing multiple aspects, including teaching methodologies, student engagement, resource

Very good

Such a amazing teacher and her teachings.

Changla ahe

Use better graphics and visual media to engage students well

Best

Excellent good

To discuss the point at reputation

1. Established goals & monitor progress
2. Equip classroom with the right tools

Teaching is nice all teachers

Need new building for art students
